

CERTIFIED COMPLIANCE MANAGER (CCM)

London - UK

15 - Jun 2026 - 19 - Jun 2026

\$6,000

GENTEX[®]
TRAINING CENTER

Introduction

In today's complex regulatory environment, the role of the Certified Compliance Manager (CCM) has become increasingly critical. This intensive five-day course, offered by Gentex Training Center, equips you with the knowledge and skills needed to excel in the field of compliance and prepare for the prestigious CCM certification exam. Through interactive workshops, engaging case studies, and real-world scenarios, you'll gain a comprehensive understanding of core compliance principles, explore essential regulations, and develop practical strategies for effective compliance management. By the program's conclusion, you'll be well-positioned to demonstrate your expertise, enhance your career prospects, and contribute to a robust compliance culture within your organization.

Certified Compliance Manager (CCM) Course Objectives:

- Master the core principles and frameworks of effective compliance management programs.
- Gain a comprehensive understanding of key regulations impacting various industries, including Anti-Money Laundering (AML), Know Your Customer (KYC), and data privacy regulations like GDPR.
- Develop proficiency in conducting risk assessments, identifying compliance gaps, and implementing corrective actions.
- Learn best practices for designing, implementing, and monitoring effective compliance programs.
- Explore strategies for effective communication, collaboration, and training within a compliance program.
- Analyze real-world case studies to understand successful and unsuccessful approaches to compliance management.
- Develop the skills and knowledge necessary to confidently take the CCM certification exam.

Course Methodology

This interactive program utilizes a participant-centered approach. It blends lectures from leading compliance experts with engaging workshops, group discussions, case study analysis, simulations of real-world compliance challenges, developing and presenting mock compliance audits, and opportunities to explore practical compliance management tools. Participants actively engage in analyzing regulations, debating best practices for risk mitigation, and formulating strategies for building a strong compliance program. Through experiential learning, participants gain the practical tools and theoretical knowledge needed to excel in the field of compliance and achieve the coveted CCM designation.

Who Should Take This Course

- Compliance professionals seeking to enhance their knowledge and skills, and prepare for the CCM certification exam.
- Risk management professionals, internal auditors, and legal professionals interested in expanding their expertise in compliance.
- Business leaders and managers seeking a deeper understanding of compliance best practices.
- Anyone interested in developing the knowledge and skills needed to navigate the complexities of compliance management and contribute to a culture of ethical business conduct.
