TRAINING CENTER

Introduction

In today's dynamic business environment, successful organizations understand the critical role of effective change management. This intensive five-day program, offered by Gentex Training Center, equips leaders with the knowledge and practical skills to guide their teams through organizational change with confidence. Through a comprehensive exploration of key change management models, leadership strategies, and communication techniques, participants gain the ability to navigate resistance, build buy-in, and ensure a smooth transition during periods of organizational transformation.

Change Management Leadership Course Objectives:

Master core principles of change management and its significance in the modern workplace.

Understand different change management models and frameworks (e.g., Kotter's 8-Step Change Model, ADKAR Model).

Develop a strategic approach to planning and implementing organizational change initiatives.

Identify and overcome potential challenges and sources of resistance to change.

Foster a culture of open communication and employee engagement during change.

Lead and motivate teams through periods of transition and uncertainty.

Utilize effective communication strategies to build buy-in and secure stakeholder support.

Design and implement effective change management programs for successful implementation.

Measure and monitor the success of change initiatives and adapt as needed.

Develop a long-term vision for fostering a change-ready organizational culture.

Course Methodology

This interactive program utilizes a participant-centric approach that blends lectures, real-world case studies, group discussions, and practical exercises. Participants actively engage in change management strategy simulations, communication skills workshops, and resistance management planning activities. Through collaborative learning and expert guidance from experienced instructors, participants refine their strategic thinking, leadership, and communication skills to become effective change management leaders.
