

COMPREHENSIVE PAYROLL MANAGEMENT, STATUTORY COMPLIANCE, AND HR REPORTING MASTERY

GENTEX[®]
TRAINING CENTER

Introduction

Comprehensive Payroll Management, Statutory Compliance, and HR Reporting Mastery Training Course prepares HR and payroll professionals to run accurate, compliant, and well-documented payroll operations. Payroll errors and compliance failures expose organizations to financial penalties and damage employee trust, making precision in this function essential. This course guides participants through the full payroll cycle, from salary calculation to statutory reporting and audit readiness. Furthermore, it examines how accurate HR reporting supports better workforce decisions and regulatory transparency. Participants will learn to manage payroll processing, apply statutory compliance requirements, and generate reliable HR reports. As a result, they will leave equipped to run payroll functions that are accurate, compliant, and audit-ready.

Comprehensive Payroll Management, Statutory Compliance, and HR Reporting Mastery Course Objectives

- Apply the full payroll processing cycle from input to disbursement
- Calculate gross-to-net pay including deductions and allowances
- Apply statutory compliance requirements for wages and benefits
- Manage end-of-service and severance payment calculations
- Build payroll reconciliation processes to reduce errors
- Design HR reports using key workforce metrics and dashboards
- Apply data validation techniques to ensure payroll accuracy
- Manage payroll audits and prepare compliance documentation
- Structure payroll processes for multi-location organizations
- Evaluate payroll system controls to prevent fraud and errors

Course Methodology
