## Introduction

Corporate ethics and governance are essential for maintaining the integrity, transparency, and long-term sustainability of businesses. With the ever-evolving regulatory landscape and growing expectations from stakeholders, businesses must adhere to high standards of ethical conduct and governance. This workshop will provide participants with the knowledge, tools, and frameworks necessary to navigate the complexities of corporate ethics and governance. Participants will learn how to implement ethical decision-making processes, establish sound governance practices, and ensure compliance with global regulations.

## Corporate Ethics and Governance Workshop Objectives

- Understand the principles of corporate ethics and governance.
- Learn how to establish and maintain ethical cultures within organizations.
- Apply ethical decision-making frameworks to real-world business scenarios.
- Develop an understanding of corporate governance structures and their roles.
- Gain insights into global standards and regulations related to corporate ethics and governance.
- Identify risks associated with unethical behavior and corporate governance failures.
- Understand the role of boards, executives, and stakeholders in ensuring ethical compliance.
- Strengthen transparency and accountability within organizations.

## Workshop Methodology

The workshop will combine theoretical lessons with practical exercises. Participants will engage in group discussions, case studies, and role-playing activities to apply the principles learned. The workshop's interactive approach ensures participants can immediately integrate the knowledge into their professional roles.
