GENTEX[®]
TRAINING CENTER

Introduction

In today's fast-paced world, innovative thinking and effective decision-making are crucial for overcoming challenges and achieving success. Gentex Training Center's Creative Problem Solving & Decision Making course empowers you to become a resourceful problem-solver and confident decision-maker. This comprehensive program equips you with powerful tools and frameworks to spark creative ideas, analyze situations effectively, and make sound choices that drive results.

Creative Problem Solving and Decision Making Course Objectives:

- Master the core principles of creative problem-solving and effective decision-making.
- Develop a growth mindset that embraces challenges as opportunities for innovation.
- Cultivate your creativity by applying proven brainstorming techniques.
- Analyze problems from different perspectives to identify the root cause.
- Evaluate options objectively using data-driven decision-making frameworks.
- Develop and implement creative solutions to complex challenges.
- Overcome common thinking biases that hinder effective decision-making.
- Communicate your ideas persuasively and gain buy-in from stakeholders.

Course Methodology

- Engaging Lectures: Gain foundational knowledge through expert-led lectures on creative thinking approaches and decision-making models.
- Interactive Workshops: Apply your learnings through dynamic workshops that encourage brainstorming, problem-solving simulations, and case studies.
- Skill-Building Activities: Hone your creative and critical thinking skills through fun, interactive exercises and personalized feedback.

LEARN BOLD. LEAD BEYOND

GENTEX Training Center LLC | Orlando - FL, USA
