

ISLAMIC BANKING PRINCIPLES AND PRACTICES

GENTEX[®]
TRAINING CENTER

Introduction

Islamic banking has emerged as a rapidly growing segment of the global financial landscape, grounded in ethical principles and fostering financial inclusion. This intensive five-day program, offered by Gentex Training Center, equips participants with a comprehensive understanding of Islamic banking concepts, products, and practices. Through a captivating exploration of core Sharia (Islamic law) principles, innovative financial instruments, and global regulatory frameworks, participants gain the knowledge and skills to navigate this dynamic and purpose-driven financial system.

Islamic Banking Principles and Practices Course Objectives:

- Master core principles of Islamic banking and finance, rooted in Sharia compliance.
- Develop a comprehensive understanding of key Islamic banking concepts, including profit-sharing (musharaka), profit-loss sharing (mudaraba), and Islamic asset-based financing.
- Explore various Islamic financial instruments, such as Islamic bonds (sukuk), Islamic investment accounts, and Islamic mortgages (ijara wa iqtina).
- Gain insights into the role of Sharia scholars and Sharia boards in Islamic financial institutions.
- Analyze the global regulatory landscape for Islamic banking and the role of international organizations.
- Understand the application of Islamic banking principles in areas like trade finance, microfinance, and wealth management.
- Identify ethical considerations and social responsibility practices within Islamic finance.
- Compare and contrast Islamic banking products with conventional banking instruments.
- Develop the ability to evaluate the suitability of Islamic financial products for different client needs.

LEARN BOLD. LEAD BEYOND

GENTEX Training Center LLC | Orlando - FL, USA

- Formulate a foundational understanding of Islamic financial markets and risk management practices.

Course Methodology

This interactive program utilizes a participant-centric approach. It blends lectures from industry experts, real-world case studies, group discussions, and practical exercises. Participants actively engage in product simulations, Sharia compliance scenario analysis, and client profile development activities. Through experiential learning, participants gain a practical understanding of Islamic banking principles and their application in various financial contexts.

Who Should Take This Course

- Banking professionals seeking to expand their knowledge and enter the growing Islamic banking sector.
- Financial advisors, wealth managers, and investment professionals interested in Islamic financial products.
- Sharia scholars and compliance officers seeking to deepen their understanding of Islamic banking practices.
- Legal professionals and auditors working with Islamic financial institutions.
- Anyone aspiring to gain a competitive advantage in the evolving world of Islamic finance.
