

ISLAMIC FINANCE MANAGEMENT

GENTEX[®]
TRAINING CENTER

Introduction:

Welcome to our Mastering Islamic Finance Management course at Gentex Training Center. Islamic finance is gaining prominence globally as an ethical and sustainable alternative to conventional finance. This 5-day program provides a comprehensive overview of Islamic financial principles, instruments, and practices, empowering participants with the knowledge and skills to navigate the complexities of Islamic finance effectively.

Islamic Finance Management Course Objectives:

- Gain a thorough understanding of Islamic finance principles, including Shariah compliance and ethical considerations.
- Learn about various Islamic financial instruments and products, such as Mudarabah, Musharakah, and Sukuk.
- Explore the role of Islamic financial institutions and regulatory frameworks in the global financial landscape.
- Understand the application of Islamic finance in different sectors, including banking, investment, and insurance.
- Develop practical skills in Islamic financial analysis, risk management, and portfolio management.

Course Methodology:

Our course employs a blend of interactive lectures, case studies, group discussions, and practical exercises to facilitate effective learning and application. Participants will engage in real-world scenarios, simulation exercises, and hands-on activities to deepen their understanding and enhance their practical skills in Islamic finance management.

Who Should Take This Course:

- Finance professionals interested in expanding their knowledge of Islamic finance principles and practices.
- Executives and managers working in Islamic financial institutions or seeking to enter the Islamic finance industry.
- Entrepreneurs and business owners exploring opportunities in Islamic finance-related ventures.
- Anyone interested in understanding the ethical and sustainable aspects of Islamic finance.

Islamic Finance Management Course Outlines:

Day 1: Introduction to Islamic Finance

- Understanding the principles of Islamic finance: Shariah compliance, prohibition of Riba, and ethical considerations.
- Overview of Islamic financial contracts: Mudarabah, Musharakah, Murabahah, and Ijarah.
- Comparison between Islamic finance and conventional finance.

Day 2: Islamic Banking and Financial Institutions

- Role and functions of Islamic banks and financial institutions.
- Islamic banking products and services: savings accounts, financing facilities, and investment products.
- Regulatory frameworks and governance structures in Islamic banking.

Day 3: Islamic Investment and Capital Markets

- Introduction to Islamic investment principles and strategies.
