

MEASURE WHAT MATTERS

GENTEX[®]
TRAINING CENTER

Introduction

In today's competitive business landscape, setting clear goals and measuring progress are essential for achieving sustainable success. "Measure What Matters" (MWM), a goal-setting framework championed by John Doerr, empowers organizations to translate ambitions into actionable plans and track progress effectively. This intensive five-day program, offered by Gentex Training Center, equips participants with the knowledge and practical tools needed to implement MWM principles within their teams. Through interactive workshops, engaging case studies, and hands-on exercises, participants gain a deep understanding of Objectives and Key Results (OKRs), the core of MWM, and learn how to utilize them to drive strategic alignment, boost performance, and achieve audacious goals.

Measure What Matters Course Objectives:

- Master the core principles of the Measure What Matters framework and its benefits for driving organizational success.
- Develop a strong understanding of Objectives and Key Results (OKRs) and their key characteristics.
- Learn strategies for crafting clear, concise, and measurable objectives that inspire and motivate teams.
- Master techniques for defining key results that accurately track progress towards achieving objectives.
- Explore best practices for cascading OKRs throughout the organization and ensuring alignment across different teams.
- Develop skills for effectively measuring progress, tracking key results, and holding regular check-ins.
- Learn strategies for adapting OKRs based on changing circumstances and fostering a culture of continuous improvement.
- Analyze real-world case studies of organizations that have successfully implemented MWM and achieved impressive results.

LEARN BOLD. LEAD BEYOND

GENTEX Training Center LLC | Orlando - FL, USA

- Formulate a personalized action plan to implement MWM principles within your team and track progress towards strategic goals.

Course Methodology

This interactive program utilizes a participant-centered approach. It blends lectures from MWM experts with engaging workshops, case studies, hands-on exercises, group discussions, and peer-to-peer learning opportunities. Participants actively engage in crafting OKRs for real-world scenarios, practicing key result measurement techniques, and receiving constructive feedback on their approach. Through experiential learning, participants gain the practical tools and theoretical knowledge needed to become effective MWM practitioners, enabling them to drive strategic alignment and achieve breakthrough results within their organizations.

Who Should Take This Course

- Professionals seeking to enhance their goal-setting skills and implement the MWM framework for improved performance.
- Individuals interested in learning strategies for crafting clear objectives, defining actionable key results, and tracking progress effectively.
- Managers and leaders looking to improve team alignment and drive results through a structured goal-setting methodology.
- Anyone interested in fostering a culture of transparency, accountability, and continuous improvement within their teams.

Measure What Matters Course Outline:
