

MINI MBA PROGRAM

GENTEX[®]
TRAINING CENTER

Introduction

The Mini MBA Program by Gentex Training Center is a comprehensive and practical course tailored for professionals who aim to broaden their strategic understanding of modern business management. Designed to offer the most essential insights from a full MBA in a condensed format, this 10-day course empowers participants with the tools, techniques, and leadership mindset required to drive growth and innovation within their organizations.

By blending key principles from marketing, finance, strategy, leadership, and operations, this program fosters a multidisciplinary view of business functions. Participants will be immersed in real-world scenarios, interactive workshops, and executive-level thinking that prepares them to take on greater responsibility and contribute meaningfully to business success.

Mini MBA Program Course Objectives

- Understand the core disciplines of a traditional MBA, including strategy, finance, marketing, operations, and leadership.
- Enhance decision-making skills using data-driven and analytical approaches.
- Develop leadership and communication capabilities essential for organizational influence.
- Apply critical thinking to real-life business challenges and propose innovative solutions.
- Build an integrated business mindset to align departments, drive performance, and manage change effectively.
- Improve strategic planning and execution aligned with business goals.
- Strengthen financial literacy to assess business viability and investment decisions.

Course Methodology

This course employs a mix of case studies, simulations, team-based activities, interactive lectures, and business problem-solving workshops to ensure engagement and practical understanding.
