

PRACTICAL PREPARATION FOR THE SHRM-SCP CERTIFICATION

GENTEX[®]
TRAINING CENTER

Introduction

Practical Preparation for the SHRM-SCP Certification Training Course prepares senior HR professionals to master the strategic competencies required for this globally recognized credential. Achieving certification success requires deep understanding of both HR technical knowledge and behavioral competencies applied at a strategic level. This course reviews the SHRM Body of Competency and Knowledge, covering leadership, business acumen, and consultation domains tested in the exam. Furthermore, it provides structured practice through scenario-based questions that mirror the exam format. Participants also review exam strategies, time management techniques, and common pitfalls to avoid. As a result, attendees gain the confidence and structured knowledge needed to approach the certification exam effectively. Gentex Training Center designed this program to support HR professionals pursuing strategic-level credentialing.
