Introduction

Public Sector Bidding & Regulatory Compliance examines how public bodies and their suppliers run tender processes that meet law, policy, and audit expectations. This Training Course covers public procurement law, bidding procedure, evaluation, and compliance controls. Participants study the UNCITRAL Model Law on Public Procurement, WTO GPA principles, integrity pacts, and conflict-of-interest screening. Furthermore, the programme connects rules to practice through tender drafting labs, evaluation exercises, and compliance audit simulations. As a result, delegates leave able to run public bids that attract competition and survive regulatory review without challenge.

Public Sector Bidding & Regulatory Compliance Course Objectives

- Define public procurement law principles and their application.
- Apply transparency, equal treatment, and proportionality duties.
- Select bidding routes: open, restricted, negotiated, and framework.
- Draft invitations, specifications, and qualification criteria.
- Design evaluation models with defensible scoring anchors.
- Manage clarifications, addenda, and bidder communications.
- Screen for conflicts of interest, debarment, and integrity risk.
- Handle complaints, challenges, and administrative review.
- Document the tender file to audit and regulatory standard.
- Report compliance performance and remediate control gaps.

Course Methodology

- Interactive workshops using real public tender and audit files.

- Public procurement law case review and interpretation labs.
- Tender document and evaluation model design exercises.
- Compliance screening and integrity due diligence workshops.
- Challenge, complaint, and audit-readiness simulations.
- Action planning that converts each session into a workplace commitment.

Who Should Take This Course

- Public procurement and contracting officers.
- Regulatory compliance and integrity officers.
- Internal auditors and oversight body staff.
- Legal counsel in public sector entities.
- Tender evaluation committee members.
- Finance and budget control officials.
- Suppliers bidding for public contracts.

Public Sector Bidding & Regulatory Compliance Course Outlines

Day 1: Public Procurement Law Foundations

- Defining public procurement law and its objectives.
- UNCITRAL Model Law and WTO GPA principles.
- Transparency, equal treatment, and proportionality duties.
- National procurement law and regulatory bodies.
- Thresholds, exemptions, and single-source rules.
- Governance, delegations, and approval frameworks.

- Ethics, integrity, and conflicts of interest.

Day 2: Bidding Procedure and Documentation

- Bidding routes: open, restricted, negotiated, and framework.
- Invitation to bid, instructions, and submission requirements.
- Specification drafting and avoiding restrictive criteria.
- Qualification and prequalification criteria design.
- Communication rules, clarifications, and addenda.
- Deadlines, receipt, and late-bid handling.
- Records management and audit trail design.

Day 3: Evaluation and Award Compliance

- Evaluation criteria design and weighting logic.
- Scoring anchors and committee evaluation practice.
- Mandatory, scored, and pass/fail requirement testing.
- Abnormally low bid identification and treatment.
- Evaluation report drafting and recommendation approval.
- Award notification, standstill, and debriefing rules.
- Handling biases and ensuring committee independence.

Day 4: Integrity, Conflicts, and Debarment

- Conflict-of-interest declarations and screening.
- Debarment, exclusion, and sanctions list checks.
- Anti-bribery and anti-corruption controls.
- Beneficial ownership and transparency registers.

- Whistleblowing channels and protection.
- Fraud indicators in public bidding.
- Remediation planning and control improvement.

Day 5: Challenges, Audit, and Regulatory Review

- Complaint handling and administrative review routes.
- Appeal mechanisms and judicial review exposure.
- Audit preparation and evidence management.
- Regulatory reporting obligations and KPI frameworks.
- Post-award review and lessons learned.
- Corrective action tracking and closure.
- Personal action plan and continuous improvement.

Conclusion

By successfully completing Public Sector Bidding & Regulatory Compliance, participants will have acquired a practical command of public procurement law, bidding procedure, evaluation governance, integrity screening, and audit readiness. They will know how to run transparent public bids, apply scoring models consistently, and document decisions that withstand complaint and regulatory review. In addition, the course prepares delegates to manage integrity risk and remediate control gaps properly. As a result, they return to work ready to run public bidding with legal and ethical discipline. Gentex Training Center delivers this Training Course with a practical, standards-based approach.

FAQs for the Public Sector Bidding & Regulatory Compliance course

Q1 What is the "Public Sector Bidding & Regulatory Compliance" course about?

It is a five-day programme that explains how public bids are run in line with law and oversight expectations. It covers public procurement law, bidding routes and documentation, evaluation and award compliance, conflict-of-interest and debarment screening, complaint handling, and audit and regulatory review.

Q2 What are the key benefits of the "Public Sector Bidding & Regulatory Compliance" course?

Participants gain the ability to run tenders that meet transparency and equal treatment duties, apply evaluation models that withstand challenge, and screen bidders for integrity and exclusion risk. They also learn to document tender files to audit standard and to handle complaints without regulatory exposure.

Q3 What skills will I gain from the "Public Sector Bidding & Regulatory Compliance" course?

Public procurement law application with transparency and proportionality duty interpretation, bidding procedure and documentation design with defensible qualification criteria, evaluation and award governance with scoring models and abnormal bid treatment, and integrity screening with complaint handling and audit readiness.
