

STRATEGIC COMMUNICATION: THINKING, PLANNING AND EXECUTION

Paris - France

06 - Dec 2027 - 10 - Dec 2027

\$6,000

GENTEX[®]
TRAINING CENTER

Introduction

Effective communication is a critical driver of organizational success. Whether you're developing a new campaign, leading a team, or managing stakeholder relationships, strategic communication empowers professionals to align messaging with business goals. It bridges the gap between intention and perception, ensuring that communication is purposeful, targeted, and measurable. This course offers a structured pathway to enhance your communication competencies by thinking strategically, planning effectively, and executing with clarity. Participants will explore frameworks, tools, and real-world examples to strengthen their ability to influence, inform, and inspire across various platforms and audiences.

Strategic Communication: Thinking, Planning and Execution Course Objectives

- Gain an in-depth understanding of strategic communication principles.
- Learn how to align communication with organizational goals and stakeholder needs.
- Develop skills to craft compelling messages using various media and channels.
- Master communication planning techniques that enhance clarity and consistency.
- Apply tools to measure communication effectiveness and adapt strategies accordingly.
- Strengthen their ability to lead communication initiatives during change, crises, and transformation.
- Practice communication techniques through real-world case studies and interactive exercises.
