

TRAINING NEEDS ASSESSMENT AND ANALYSIS

London - UK

16 - Mar 2026 - 20 - Mar 2026

\$6,000

GENTEX[®]
TRAINING CENTER

Introduction

In today's rapidly evolving business landscape, ensuring a workforce possesses the necessary skills is critical for organizational success. This intensive five-day program, offered by Gentex Training Center, equips professionals with the essential knowledge and practical skills to conduct effective training needs assessments and analyses. Through a comprehensive exploration of key assessment methodologies, data analysis techniques, and training program development strategies, participants gain the ability to identify skill gaps, design targeted training solutions, and optimize learning and development initiatives.

Training Needs Assessment and Analysis Course Objectives:

- Master the core principles of training needs assessment and analysis.
- Utilize various methods for collecting and analyzing training needs data.
- Conduct effective job task analyses to identify skill gaps and learning objectives.
- Analyze performance data to identify areas requiring training interventions.
- Interpret stakeholder feedback and assess organizational training priorities.
- Design targeted training programs based on identified needs and learning objectives.
- Select appropriate training delivery methods and resources for optimal impact.
- Evaluate training effectiveness and measure the return on investment (ROI) in training programs.
- Develop a sustainable training needs assessment and analysis process.

Course Methodology

This interactive program utilizes a participant-centric approach that blends lectures, real-world case studies, group discussions, and practical exercises. Participants actively engage in mock needs assessment interviews, data analysis workshops, and training program design simulations. Through collaborative learning and expert guidance from experienced instructors, participants refine their critical thinking, problem-solving, and analytical skills to address organizational training needs effectively.

Who Should Take This Course

- Learning and development (L&D) professionals seeking to enhance their training needs assessment skills.
- Training managers responsible for designing and implementing training programs.
- Human resources professionals involved in workforce development initiatives.
- Business leaders interested in identifying employee skill gaps and developing effective training solutions.
- Anyone aspiring to build a career in training needs assessment and analysis.

Training Needs Assessment & Analysis Course Outline:

Day 1: The Fundamentals of Training Needs Assessment

- Understanding the Importance of Training Needs Assessment and Analysis
- The Training Needs Assessment Process: A Systematic Approach
- Identifying Various Levels of Training Needs Assessment (Individual, Team, Organizational)
